

First General Meeting of the Institute for Nanoscale Physics and Chemistry Tuesday, 7 February 2006, Auditorium De Molen & Kasteel Arenberg

- 08h30 - Coffee
- 09h00 - Information on the consortium and the idea of INPAC
Victor Moshchalkov
- 09h20 - Introduction of Team 1: Institute for Nanoscale Physics and Chemistry
Victor Moshchalkov
- 09h50 - Introduction of Team 2: Quantum Chemistry
Arnout Ceulemans
- 10h20 - Introduction to Team 3: Photochemistry and Spectroscopy
Mark Van Der Auweraer
- 10h50 - Coffee and discussions
- 11h20 - Introduction of Team 4: Nanophysics with Scanning Probes
Chris Van Haesendonck
- 11h50 - Introduction of Team 5: Nuclear Solid State Physics
André Vantomme
- 12h20 - Lunch (please register)
- 13h20 - Introduction of Team 6: Molecular Electronics and Photonics
Koen Clays
- 13h50 - Introduction of Team 7: Clusters and Laser Spectroscopy
Peter Lievens
- 14h20 - Coffee and discussions
- 14h50 - Introduction of Team 8: Semiconductor Electron Spectroscopy
Andre Stesmans
- 15h20 - Introduction of Team 9: Centre for Microbial and Plant Genetics
Jozef Vanderleyden
- 15h50 - Discussions

Each speaker will present:

- researchers of his team
- research topics
- experimental techniques
- interactions with other INPAC partners

Each lecture will be 22 minutes, followed by 8 minutes questions and discussions.

Please REGISTER by sending an E-mail to inpac@kuleuven.be latest on januari 31, 2006
