

Seminar lecture in the framework of the PhD training,
Werkgemeenschap Microscopie FWO,
the IAP-PAI-P6/27 Doctoral School and INPAC

Prof. Thomas A. Jung

the NCCR Nanoscale Science, Institut fuer Physik in Basel (Switzerland)
and
the Laboratory for Micro&Nanostructures,
L. Paul Scherrer Institute (PSI) in Villigen (Switzerland)

will deliver a lecture entitled :

**"Molecular and Supra-Molecular Self-Assembly at Surfaces:
Towards Addressable Multi-stable Devices"**

Date & time : Wednesday, April 23 at 11.00h

Room : 02.01 Department of Chemistry, Celestijnenlaan 200 F, 3001
Heverlee

You are kindly invited to attend this lecture.

Steven De Feyter
